About Dr. Aguh

BOARD-CERTIFIED DERMATOLOGIST, SPEAKER & AUTHOR

Crystal Aguh, MD FAAD is a board-certified dermatologist and director of the Ethnic Skin Center at Johns Hopkins School of Medicine. She is the author of the 90 Days to Beautiful Hair series and the co-author of the textbook "Fundamentals of Ethnic Hair-The Dermatologist's Perspective". Dr Aguh's area of research focuses primarily on skin conditions that disproportionately impact minority populations, with particular emphasis on alopecia. She has authored two books on hair loss and has published over three dozen peer-reviewed journal articles. As a result of her work, Dr. Aguh is the recipient of numerous prestigious research awards & grants from the National Institutes of Health (NIH), Skin of Color Society, Johns Hopkins Medical Institutions and the Dermatology Foundation. She has delivered both national and international talks on the importance of hair health in preventing and treating common forms of hair loss in women.

ESSENCE

Author

CRYSTAL AGUH, MD

Dr. Aguh is a best selling author of three books (in addition to a medical textbook), all geared towards empowering women to reach their boldest hair goals. Each book has topped an Amazon bestseller list upon release with widespread acclaim.

WHAT CLIENTS SAY

I love Crystal Aguh's passion and dedication to helping women become informed and educated about scalp and hair; which is a woman's crown.

I have natural curly hair. I have been waiting on a book to help me with my curl journey. I have now incorporated a new routine based on Crystals book that has my curls looking healthier already, and will help my curls continue to grow. I am telling all my curlfriends about this book!
